

## Worship and Action for Peace Letter 2/12/04

### What Will Be Our Witness?

People around the world are planning events for the March 20 Global Day of Action against War and Occupation, to mark the anniversary of the beginning of the U.S. war against Iraq.

How will Friends witness to our Peace Testimony on that Day? Some will attend the march scheduled for New York City. Others will hold candlelight vigils, and others will worship at home.

Please let us know what you plan, as meetings, committees, or individuals, so we can share it with other friends through the March *Spark* and the NYYM Web site. Send information to [paul@nyym.org](mailto:paul@nyym.org) as soon as possible. These Friends' activities will also be posted on the NYYM Web site as we learn of them.

For details of the March 20 Day of Action visit <http://www.unitedforpeace.org> or call 212-868-5545.
