

New York Yearly Meeting Summer Sessions 2017!

YOU are invited to Whisper Buddies!

Aka: Learning together, Mentors together, Translate together, Quaking together?

JULY 23rd see program*

On Silver Bay campus in Field Memorial

Sitting in Meeting for Worship together.

"Quakerism is about being in
relationship."- Arthur Larabee.

In order for us to become friends, know
one another and share a common
practice we need to meet one another
and sit together. Whisper Buddies
facilitates that part. So if you want to
know Quaker process, or make a new
F/friend come to whisper buddies.

-If each person has a Divine gift wouldn't you want to know each Friend?-

How do Quakers make decisions together? What is a consent agenda? Who sits in the front? What are they doing? Who told them to do it? What does "that friend speaks my mind" mean?

- Are you new or newish to Quaker process?
- Do you think you 'know' some or alot about Quaker process?

EVERYONE over age 15* is invited to not just participate in the Divinely led decision making process that Quakers engage in every year at Summer sessions, but also, to make friends, and deepen understanding. Those of us with experience can share it, learn more and make new friends, who will undoubtedly change our experience of Meeting for Worship with Concern for Business.

We will do a few name whips and perhaps a game. Then those who are about to take on the vulnerable and new task of learning will make a pair with someone taking on the vulnerable and new task of sharing experience. *Remember this takes bravery... aka: Guts!

Those under the age of 18 must submit a permission slip to a Whisper Buddie Facilitator
