

Youth Institute 2017: Exploring Faith Together

Hosted by Chris DeRoller, Mike Clark and Melinda Wenner Bradley
Under the care of the Youth Committee of NYYM

April 21-23*

REsources and REnewal joins with the **Youth Institute** for a weekend jam packed with useful materials, proven practices, conversations, fun and worship. Especially designed for adults and teens working with children and youth in our Meetings, it is open to everyone interested in exploring our faith together. The time will include plenaries, experiential learning, small group and whole group discussions, all grounded in joyful worship and fellowship together.

Meetings are urged to send a team of Friends, including those serving on First Day, Religious Ed or Ministry and Counsel committees. Together, we will explore: **What does it mean to be a Quaker and how do we share this with others?**

Our intention is that participants will come away from the weekend affirmed and refreshed, ready to move forward whether you're newly stepping into this work or a seasoned practitioner.
