

## Table for D. Geographical Units

The following list includes all counties in the United States in which a Mennonite Church USA congregation is located. Units are assigned based on the median household “Effective Buying Income” for each county from the *Nielsen Market Demographics – 2009 County Edition Data for All Counties Nationwide*. Please review *Interpretive Comments for Geographical Units*. To use this table, find the county in which your congregation is located. Write the number of units in the space provided under “D. Geographical Units” on the front page of the *Guidelines*.
